

# *Stranded Knitting*

Who – Lynette Meek

What – Three, 2 hour classes

When - \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.

Where – Mad About Ewe

**What:** Learn the basics of stranded knitting techniques with this soft slouchy styled cap. The pattern is knit with a subtle self striping yarn from Noro and the body is a solid coloured brushed alpaca – so you will get a pattern without changing your colours and can focus on the stranding of the yarns. The cap starts with a picot cast-on and basic ribbing and then moves into an easy pattern zig-zag pattern

**Materials:** 4.0mm, 16in circs and 5.0mm, 16in circs and dpn's; 100m each, 50grs of worsted weight yarn in a solid, sample used Noro Solo and the brushed alpaca was Melody by drops: markers, plus your regular notions.

1<sup>st</sup> week – start your cap and learn the picot cast-on. We will discuss different ways of carrying the colours for stranding and how to minimize the yarns tangling.

2<sup>nd</sup> week – body – work on the stranding technique.

3<sup>rd</sup> week – stranding while working in crown shaping. Pom-pom demonstration.

Hope to see you there.  
Happy Knitting
